

Consolidate your tech

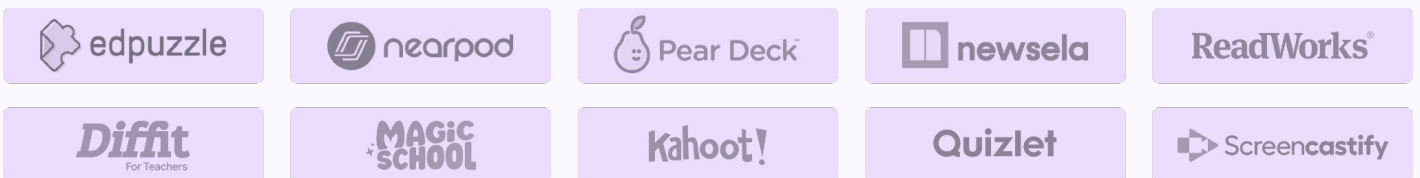

You don't need another tech tool. You only need one.

QUIZZZ

One instructional tool, one budget

Reduce the cost and effort associated with a distributed tech stack. Integrate with your LMS and consolidate everything that adds complexity to your instruction.

Schools and MATs like yours use Quizizz as an alternative to these tools:

Focus on what matters most when instruction is all in one place

-  **Assessments:** Reflect on student **understanding of skills and concepts** by creating quizzes or practice opportunities.
-  **Lessons:** Teach **new topics** or skills to the whole class with interactive slides.
-  **Passages:** Help students **analyze text or media** in any subject.
-  **Interactive Video:** Make asynchronous assignments into **active learning** experiences.
-  **Flashcards:** Make curriculum into **student study resources** to boost retention.

Deliver instruction for everyone & everything:

- ✓ Every year level
- ✓ Every subject area
- ✓ Live or asynchronous modes
- ✓ Deadlines, timers, and scheduling options
- ✓ Create **multiple differentiated versions** of the same assessment or lesson
- ✓ **25+ accessibility options** for every student need across **special education, multilingual learners, or other interventions**
- ✓ **Digitise your curriculum** or create something new with **Quizizz AI**

Trusted by teachers in **11k+ UK & Ireland Schools**
